## **Reconnecting: Coming Back From Quarantine**

### **Pastor Bobby Garvin**

**Key Truth:** unhealthy churches should be pastored differently than healthy churches.

**Principle # 1:** Do more hands on pastoral care (Acts 20:28).

**Principle # 2:** Make fewer demands on the congregation (Luke 10:38-42).

**Principle # 3:** Alternate short burst of activity with long periods of rest (Matthew 11:28)

**Principle # 4:** Fill them up before emptying them out (Acts 2:42).

**We do not need to be in our buildings to serve as the church.**

**We can only stay a part for so long.**

**Church turnarounds is an attitude, not an event.**

**Crowds can be built quickly. People heal slowly.**

**Church turnarounds are about direction and consistency, not speed or size.**

**TURNAROUND STARTS AT THE FOOT OF THE CROSS.**
