

God on the Move: “God’s Recovery Room”

Acts 28

Pastor Bobby Garvin

Key Truth: It has been my experience that surgery, though usually absolutely necessary, is painful.

Key Truth: Just as God guides through the storm, so He plans for your recovery after the storm has passed.

Principle # 1: The recovery room begins at the safe passage through the storm (28:1).

Principle # 2: The recovery room includes God-provided helpers (Vs.2)

Principle # 3: The recovery room includes moments of God-ordained testimony (Vs. 3-6).

Principle # 4: The recovery room often includes moments of intimate, new friendships (Vs. 7-10).

Principle # 5: The recovery room includes the special strengthening by Godly people (Vs. 11-15).

Principle # 6: The recovery room strengthens us to continue to share Christ – even if conflict results (Vs.16-29).

Principle # 7: The recovery room can be an extended period, but it often leads to a time of unparalleled productivity and joyful fruit (Vs. 30-31)!

Key truth: We know that just as God guides through the storm, so He plans for your recovery after the storm has passed!
